### **SEPARATE, ALIGNER TREATMENT PROMOTION:**

If you are aiming to correct your smile, they have an SLX Aligner Treatment with different payment options. It would normally cost \$4100 total, but they have a promotion going on right now, a chance to score discounts to lower your price starting at \$2500 instead!

This explanation was sent to us:

- 1.) You could pay in full.
- 2.) You could create a payment plan option.

The promotion is running individually at every office in Phoenix and will last

until they've reached the number of patients who choose the aligner treatment at each level. Currently, all offices are still in the first level of promotion. The non-promotional cost is \$4,100. If you pay in full, your price is \$2,500 instead. The payment plan options are \$3,000 for the first 25 patients, then \$3,300 for the next 25 patients and \$3,600 for the final 25 patients.
