Higher Education Site Ranks Top Colleges Offering Paramedic Degrees for 2016-2017

Reno, Nev. (PRWEB) November 03, 2016

The Community for Accredited Online Schools (AccreditedSchoolsOnline.org), a leading online higher education resource site, has released its list of the nation's Best Paramedic Programs. Comparing data from both online and on-campus programs at two- and four-year schools, top scores went to Colorado Mountain College, Florida Gateway College, Santa Fe College, Midland College and College of Central Florida for four-year schools; Northland Pioneer College, Eastern New Mexico University Roswell, North Arkansas College, Arkansas State University Beebe and Galveston College for two-year schools for 2016-2017.

"The U.S. Department of Labor shows the job outlook for paramedics is extremely favorable over the next decade," said Doug Jones, CEO and Founder of the Community for Accredited Online Schools. "The schools on this list are raising the bar when it comes to Paramedic education, providing the best combination of affordability and quality to their students."

To qualify for the Best Paramedic Program list, the Community for Accredited Online Schools requires schools to meet specific baseline requirements. All institutions are required to be accredited public or private not-for-profit entities. Each must also offer students career placement assistance or services post-graduation. More than a dozen different school-specific metrics, from graduation rates to student-teacher ratios, are weighed against one another to determine individual school scores and placement on rankings.

The full list of colleges included on the Best Paramedic Programs list is included below. Find more details on the methodology used to score each school, as well as specific scores at:

###

About Us: The Community for Accredited Online Schools (AccreditedSchoolsOnline.org) was founded in 2011 to provide students and parents with quality data and information about pursuing an affordable education that has been certified by an accrediting agency. Our community resource materials and tools span topics such as college accreditation, financial aid, opportunities available to veterans, people with disabilities, as well as online learning resources. We feature higher education institutions that have developed online learning programs that include highly trained faculty, new technology and resources, and online support services to help students achieve educational success. environments that include highly trained faculty, new technology and resources, and online support services to help students achieve educational and career success.
