Community for Accredited Online Schools Names Best Art Schools for 2016-2017

PRWeb Published 8:00 am, Thursday, October 6, 2016

Lists Rank Top 50 Schools for Campus and Online Art Programs

Reno, Nev. (PRWEB) October 06, 2016

The Community for Accredited Online Schools (AccreditedSchoolsOnline.org), a leader in higher education information and resources, has identified the Best Art Schools in the nation for 2016-2017. The lists compare a variety of data points for both two and four year colleges and universities, ranking the top 50 schools with the most affordable and most impressive collections of both campus and online art program options.

"Art is such a broad field of study, it can be hard to know which schools offer the highest quality and biggest variety of learning options for fine arts students," said Doug Jones, CEO and Founder of the Community for Accredited Online Schools. "After analyzing numerous data points related to cost, student support and services, we were able to pinpoint the postsecondary schools that provide the best fine arts education in the U.S."

PRESS RELEASE

Follow seattlepi.com on [Facebook](#) and [Twitter](#).

Schools must meet specific base requirements to make the exclusive top 50 lists. All institutions need to be accredited and carry public or private not-for-profit status to qualify. Rankings are determined by an in-depth assessment of more than a dozen qualitative and quantitative data

points to determine their overall value.

To learn where individual fine arts programs rank and read more about the methodology used to determine value, visit the following link:

###

AffordableCollegesOnline.org began in 2011 to provide quality data and information about pursuing an affordable higher education. Our free community resource materials and tools span topics such as financial aid and college savings, opportunities for veterans and people with disabilities, and online learning resources. We feature higher education institutions that have developed online learning environments that include highly trained faculty, new technology and resources, and online support services to help students achieve educational and career success. We have been featured by nearly 1,100 postsecondary institutions and nearly 120 government organizations.
