Mesa Community College's dental-hygiene program is seeking patients who have not received dental-hygiene care in the past three years or longer so that students can meet clinical-education requirements.

PATIENTS

The school needs "challenging patients" who are suffering from periodontal disease and never had it treated, or those who have been told they need "deep scale" cleaning or have other dental-hygiene issues such as puffy and bleeding gums.

SCREENING

Students will conduct free oral-health screenings 9 a.m.-2 p.m. Feb. 2 at the Arizona School of Dentistry and Oral Health, 5855 E. Still Circle, Mesa. Visits can be scheduled by calling 480-248-8195. X-rays will be taken and participants can get a copy the following week for \$20.

WHAT FOLLOWS

People who are screened and meet the class requirements will be contacted to make a follow-up comprehensive exam for a fee. The Mesa Community College Dental Hygiene Clinic offers a full range of dental hygiene services at the Arizona School of Dentistry and Oral Health clinic. The students treat patients under the supervision of licensed dental hygienists and supervising dentists.
