Homeless and in-need veterans are being helped by the dedication of 96 more affordable housing units in South Phoenix that are being run by a partnership between U.S. Vets. Inc and Cloudbreak Communities, the builders.

This has been named Victory Place 4 and is also located on Jones Street in Phoenix.

The partnership that put these apartments together at a cost of \$11 million dollars to provide housing for 96 single apartments for veterans obtained the funds through a collaboration of the federal and state government, private funding and City of Phoenix.
