## "Biennial Art Faculty and Staff Exhibition"

While their students focus on the new fall semester, the arts instructors at Mesa Community College have been putting the finishing touches on their own upcoming presentation. Think of it as homework for adults.

The "[Biennial Art Faculty and Staff Exhibition](#)" debuts Monday, September 19, at MCC Art Gallery, 1833 West Southern Avenue. More than two dozen artists are featured, including Tom Klare, a former editorial photographer who has taught at MCC for a decade; Cynthia Peterson, a still-life painter; and Sandra Luehrsen, who teaches 3D design and clay workshops. The exhibition is on view during regular hours (Mondays through Fridays, 9 a.m. to 5 p.m.) through Friday, October 7. Museum entry is free for all ages.
